

## **Aristocrat Expands Oasis 360™ System and Games Footprint at Royal River Casino in South Dakota**

LAS VEGAS (September 27, 2011) – Aristocrat is a winner again, this time expanding its Oasis 360™ system and games footprint at the Royal River Casino in Flandreau, S.D. Royal River Casino has been an Oasis 360 customer since 1997, and now the casino has upgraded its system, adding exciting new modules. Additionally, the casino has added more than 40 new Aristocrat games.

Royal River Casino recently received compact authorization to expand its casino from 250 games, and now Aristocrat's Sentinel III with Ethernet will monitor all 350 of the casino's games. The new installation includes the exciting SpeedMedia™ promotions Ricochet Rewards and Splashdown Countdown; the best-in-industry business intelligence tool nVision™; the powerful customer service tool Marketing Manager; and Personal Banker Upload.

"We have had tremendous success with Aristocrat's Oasis 360 system for more than a decade, so when we were expanding, there was never a question as to the larger role Aristocrat would play in our move toward even greater success," said Royal River Casino General Manager Steve Christensen. "The purpose of our expansion is to be more competitive in the region, and we are absolutely confident the new Oasis 360 configuration will help us move in that direction."

Aristocrat Vice President for Systems Sales & Marketing Kelly Shaw said, "We are delighted with the confidence Royal River Casino has demonstrated in Aristocrat and in the Oasis 360 system. To have a property be a loyal customer for more than a decade and then to continue to expand the relationship is a tremendous and humbling compliment."

Oasis 360 is the most widely installed system in North America, currently monitoring devices at more than 265 casinos. Oasis 360 is one of the gaming industry's most sophisticated systems, and includes robust, proprietary features that can be tailored to each property's individual needs.

Royal River Casino is owned and operated by the Flandreau Santee Sioux Tribe.
