

Aristocrat widescreen rolled out in Slovenia

London, 9th November 2011

Slovenia is among the latest European approval markets to certify Aristocrat Technologies' VIRIDIAN WS™ (widescreen) games for operation, with a number of titles now available for installation on gaming floors.

Approved games include More Chilli™ and More Hearts™ (both Mega Pay™), Don Quixote™ (REMIX™), Party in Rio™ (Reel Power™), the 100 Line game Sirena's Gold™ and 40/100 Line Wild Splash™.

Casino Rio, located in the capital Ljubljana, saw the first shipment into Slovenia. Operations Director, Urša Zupan said Aristocrat games have been at the casino since it opened in 2007.

"Aristocrat's games have always been sited across our gaming floor and they've been very well adopted by our players," Ms Zupan said.

"We are now putting the new widescreen machines next to our VIRIDIAN games, visible across the casino floor, and we are counting on them to help draw players into the area.

"People are mostly looking for treasures on Where's the Gold™, two of which remain in our top 10 ever list in terms of games played. Wild Panda™ has also won the hearts of many players, being the most played Aristocrat game currently, with Antony and Cleopatra™, Heart of Gold™ and 50 Lions™ also featuring strongly.

"We hope players find More Chilli™ as attractive as we did when we tested it and we have great anticipation of Stuntman Sam™. Given the new bonus features, the new machines should be an instant hit," she said.

Ranko Peric, Slot Hall Manager at Casino Carnevale, on the Italian border south of Trieste, also reports positively golden performance from Where's the Gold™, Heart of Gold™ and Desert Gold™, along with Brazil™, Wild Cats™ and Miss Kitty™.

"Aristocrat games are still on average the best performing games in our casino," he said.

"In my opinion, the widescreen cabinet and new games will introduce a different approach to gaming and will definitely bring top performance and an excellent gaming experience."

More installations of VIRIDIAN WS™ have taken place further north up the Italian border, at Igralni Salon Gold Club in Lipica, and at Nova Gorica's Casino Fortuna and Casino Princess.
