

ARISTOCRAT ENTERS LAS VEGAS LOCAL PUB MARKET WITH OASIS 360™ INSTALLATION AT SAGO'S BAJA TAVERN AND LOUNGE

LAS VEGAS (November 8, 2011) Aristocrat continues its winning systems success in 2011 with today's announcement that the company has broken into the Las Vegas pub market for the first time. Aristocrat has replaced an existing system at Sago's Baja Tavern and Lounge in Las Vegas with its technologically superior Oasis 360™ system, which will monitor all of the venue's machines.

Sago's Baja Tavern and Lounge owner Jason Godfrey said he is confident he has found the perfect solution partner in Oasis and in Aristocrat. "We promise to take care of our players like old Vegas used to, and we wanted to be absolutely certain we had a system that would help us fulfill on that promise. After looking at several systems from several companies, it's clear that system is Aristocrat's Oasis 360," he said.

Aristocrat Vice President for Systems Sales & Marketing Kelly Shaw said the company was thrilled to have found another new partner in Sago's Baja Tavern and Lounge. "This has been an incredible year for Aristocrat's Oasis 360 system, as we have continued our absolute dominance in North America. We are very happy to have broken into this new marketplace, and I'm confident this is going to be a great partnership," she said.

The installation was 100 percent Ethernet, and included Oasis' exclusive Sentinel™ III and the SpeedBonusing™ applications Splashdown Countdown™ and Ricochet Rewards™.

Oasis 360 is the most widely installed system in North America, currently monitoring devices at more than 265 casinos. Oasis 360 is one of the gaming industry's most sophisticated systems, and includes robust, proprietary features that can be tailored to each property's individual needs.

Aristocrat Technologies Inc. is a subsidiary of Aristocrat Leisure Limited (ASX: ALL), a leading global provider of gaming solutions. The Company is licensed by more than 200 regulators and its products and services are available in more than 90 countries around the world.
