Spellbinding sorcery from Shaman's Magic™

Aristocrat Technologies has cast another enchanting spell with the European release of Shaman's Magic™, a new Reel Power™ game available in both Viridian™, and XCite™ formats. High resolution graphics and mystical sound effects add to the visionary theme, designed to provide players with smooth, spellbinding entertainment.

With low game volatility and average feature frequency, Shaman's Magic conjures up all the appeal of an African oracle's adventure with symbols including Flower, Drum, Horn, Mask, Eclipse, Star and the all powerful Shaman.

When three or more Star symbols magically appear, 10 Free Games are won. There are lots of ways to win during the free games as an extra 'Eclipse' is added and becomes a stacked substitute. The feature is also able to be retriggered again.
