

**ARISTOCRAT WINS MAJOR RFP TO RETAIN
OASIS 360™ SYSTEM AT AMERISTAR CASINOS, INC.**

Oasis 360 Will Monitor 11,000 Devices Across Six Ameristar Properties

LAS VEGAS (August 31, 2010) – After an extensive process, Ameristar Casinos has selected Aristocrat’s Oasis 360™ system to continue to monitor and support its 11,000 games in six casinos in Colorado, Iowa, Mississippi, Missouri and Nevada.

Aristocrat President Nick Khin said, “This was an exceptionally challenging RFP process in which we were battling head-to-head against every other major supplier’s system. We are absolutely thrilled that Ameristar, with every choice available to it, chose to continue our eight-year partnership. We are very confident in our product, and in our team, and we know that we will continue to deliver everything that Ameristar expects so that it can continue to provide outstanding service to their players.”

“We carefully scrutinized every major system available, with the goal of finding the system that best suited our extensive marketing goals. We chose to stay with Aristocrat because we believe the Oasis 360 system is extremely powerful and Aristocrat’s future development path is aligned with our corporate initiatives,” said Sheleen Quish, CIO of Ameristar.
